

Welcome to UNDO – Smart, sustainable telecom for your business

Who is UNDO?

UNDO is Belgium's first mobile operator actively working to reduce CO₂ emissions. We combine smart, affordable telecom solutions with a sustainable approach to minimize every user's ecological footprint. For every new subscriber, we plant a tree through IBI Village in Congo. Moreover, our innovative tool, the UNDO Tracker, provides each user with a clear view of their mobile CO₂ emissions and helps offset them directly.

Smart, sustainable telecom tailored to your needs

At UNDO, we go beyond traditional mobile services. Every subscription includes free CO₂ offsetting and directly supports climate projects. Moreover, businesses can save up to 15% on their mobile rates thanks to our transparent and fair pricing without hidden fees.

Our technology is reliable and innovative, offering 5G connectivity, eSIM functionality, and robust coverage through Orange. We also keep it simple: one clear invoice for all your mobile services, saving you time and hassle.

Sustainability in action: UNDO Removal

With UNDO Removal, our customers support technologies that capture CO₂ directly from the air and store it sustainably. Through the UNDO app, every user can choose which projects to support, such as biochar, enhanced weathering, CO₂ storage in concrete, or safe drinking water initiatives.

Competitive rates and discounts

UNDO offers attractive discounts for businesses with multiple subscriptions: 5% as of 5 subscriptions, 10% as of 10 subscriptions, and 15% as of 25 subscriptions. This allows every user to combine cost savings with a positive climate impact.

Why choose UNDO?

With UNDO, every user opts for transparency, innovation, and impact. We provide an easy-to-use digital platform that helps businesses become more efficient and more sustainable. Show your customers and partners that your organization is committed to a better future.

Make the switch to UNDO

Is every user ready for a sustainable telecom solution? Visit www.undo.be or contact us at sales@undo.be for more information.
